A more refined way to discover UK independent schools.

For families who value clarity, quality information, and a smoother search journey, British School Portal brings school discovery and practical guidance together in one elegant platform.

Choosing the right school is never a small decision. British School Portal helps parents explore options with greater confidence — whether you are already in the UK or planning a move from overseas.

What families can do on BSP

Search with precision

Filter schools by type, curriculum, boarding and residency options, admissions policy, gender, religious affiliation, inspection report, and special educational needs.

Understand each school in context

Explore school data, performance, fees & bursaries, extracurricular activities, achievements, alumni, and enquiry functions where information is available.

Navigate the UK system more confidently

Access helpful content on school types, grammar schools, academic pathways, admissions, and the broader British education system.

55,000+
registered educational institutions integrated since launch

1
platform to combine discovery, filters, content, and enquiries

UK-wide
coverage across England, Scotland, Wales, and Northern Ireland

“British School Portal is designed to turn a complex school search into a more informed, more manageable, and more reassuring experience for families.”

Begin your school search with confidence

Explore leading UK independent school options and discover the information that helps families shortlist more wisely.
